Kammerich, Mary Ann Otto Kempf, Mary Manning, and all the sick and suffering in our Parish Family

Dear Parishioners:

I mentioned a couple of weeks ago that things were moving on the new carpet in church: I'm happy to share the details and what will be required for the installation to be done starting on July 29th.

The asbestos removal and carpet installation: the old tile is asbestos, so the asbestos removal people will be available July 29-31 to do the Mary side of the church then we can do floor prep and carpet install on that side and move everything over onto the new carpet and do the asbestos on the other side August 5-7. They will have to hang plastic down the middle of the church to do the asbestos removal. For this to happen we will have to have the Saturday 4 PM and Sunday 9 AM masses on the first and second weekends in August out at St John's in Clear Creek---it might be a bit crowded but actually St John's seats more than one might think; The church should be ready for the mass for The Assumption on Wednesday evening.

**Please note the following important things for which we will need volunteers, starting after 9 AM Mass on Sunday July 28th:**

We will need volunteers to do the following:

1. remove all books, small items from the church, vestibule, elevator area, and confession area floor.
2. Unscrew all pews and move as many as possible to alter, then over to wall of Joseph side. ( we believe that we can get most of them over to that side).
3. After work to Mary side is complete move all pews all over to Mary side.
4. After work to Joseph side is complete move Joseph side pews back.
5. We will also need volunteers to remove all of the other carpet from the sanctuary which is on plywood, and all stairs, and on the stage in basement.
6. We will also need to probably at least cover the various objects in the choir loft during abatement.

**Please call Karen Wolfe( 660-621-0471 ) or Donna Gerke( 834-5600 ) to let them know if you can help out especially starting Sunday after Mass on July 28th.**

I want to thank our ad hoc carpet committee who have helped to get us to this point. I think we all know that, while the old carpet has served our parish quite well for over 30 years, the church is well overdue for new carpet---it'll be very nice for the house of the Lord to have this done---**thanks to all those whose generosity will have made all this possible!** The estimated cost for this project is \$26,000 this will come from the remaining money that is in the account for the roof project. This includes all flooring, asbestos removal and labor. It was pointed out some months ago that it wouldn't make too much sense to replace carpeting if we had a leaky roof---thank the Lord and all of you that it's going to be done! God bless you all!

School packets will be available for registered families PreK - 8th the weekend of July 27-28. They will be in the entry of the office.

Thank you to Fr. Kane for his visits to Fred, to the Altar Sodality for the great meal, our extended family and many friends and our community family for the support and caring condolences we received during our time of sorrow.

The Family of Fred Lammers

We would like to thank everyone who prayed for and showed kindness to Delores Burke and her family during her battle with cancer. Thank you to anyone who brought our family food, came to the visitation or funeral, or sent cards, mementos, or flower arrangements. We also greatly appreciated everyone who helped with the funeral service. It truly was a beautiful service. Thank you to the ladies of the St. Joseph Altar Sodality who provided a wonderful meal after the funeral. A special thank you to Father Kane, who visited Mom several times and brought peace to her with his comforting words. No words can express how grateful we were that you were with our family during her last moments. Our community's kindness and thoughtfulness has been a blessing to us, and we will never forget it.

The Delores Burke Family

Regarding the church and hall locking and unlocking subject....

- 1) The church will be locked up after dark during the summer, and a bit earlier during winter months. It will be opened an hour before weekday morning Mass.
- 2) As mentioned previously the basement will be locked unless it is actually being used: for those who need to get in there to retrieve a dish or some other particular reason, they can go through the church.
  - a) when the church basement is rented or used by a parish group, someone onsite(usually myself or Donna) will make sure it is open for anyone using it. if any group uses the basement on a regular basis, we will make sure that it is open. I was going to procure some Allen wrenches and place them in that drawer to the left of the basement entrance, directly in front of the elevator, so that if someone enters through the church they can use the Allen wrench to leave the door open to make it easier for other folks to enter, if they wish.
- 3) When there is no morning Mass or if I'm away, the center front doors of the church will be unlocked.
- 4) We really want to try to avoid, if at all possible, giving keys out at every opportunity: it gets tiresome and expensive getting a building re-keyed repeatedly; and I think we all know that---good intentions notwithstanding---that keys have a way of multiplying and spreading, like a flu virus---when that happens it gets to the point that we may as well not bother locking anything up. It may from time to time be a bit of an inconvenience for us but I think that---given the things I mentioned a few weeks ago in the bulletin, such as thievery, vandalism, or(Lord forbid) desecration, all of which are sadly becoming more common in our world---we really need to do this. Personally, I think we have been very blessed or just plain fortunate that up to now we've had few problems: I am sure we all want that to continue. Thanks for your patience and cooperation in this matter. God bless!

Fr Kane

January 20, 2019 Second Sunday in Ordinary Time
