

# LIFE ON THE FARM

## WHAT'S HAPPENING IN THE HERD?

Welcome back to all the students and parents! I cannot believe have already started another school year, but I am so excited and am ready to get started. This week was reviewing back to school procedures and getting back in the groove of things.

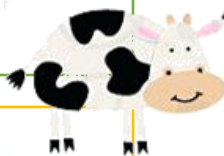

Math: Students took a math assessment for me to see where they ended last year.

Reading: Please make sure your child is reading 20 minutes every night. They will be taking their STAR Reading assessments next week to set AR goals.

Writing: Students started their writing journals today with a free write Friday. I look forward to reading these this weekend!

Spelling: Students were sent home with their first spelling list today. There spelling test will be Thursday, due to the short week, next week.

Religion: Students took some time this week to read about different saints. This year our theme is "Striving for Sainthood." Each class will be researching different saints and learning about how and why they became a saint.
