#### ***What we are learning.....***

The kiddos seemed to really enjoy the apple activities this week. They got to try different kinds of apples, choose their favorite, and were surprised by their choice! They got to do a lot of painting and everyone loved that! We will continue to work on number recognition into next week, as we move to Pete the Cat. The kids will even begin doing a little subtraction, work on sequencing, and beginning sounds with our Alphabet Train on Pete's Train Trip.
