Christmas Program

For the Christmas program this year we are hopeful that we will be able to hold an in-person program. This year's program will look much different than normal. One major change will be that the students will not be on stage together as a school at any point. Each class will have their own turn on the stage. We will be assigning each family one pew for the Thursday evening program and ask that you only invite who will be able to fit in your pew as all other pews will be reserved for school families. Students will be sitting with their families as well. We encourage as many that are able to come to the matinee performance, 1:30 on Wednesday the 16th, to help reduce the amount of people that will be at the program Thursday evening. We realize this may not work for everyone, but are asking those that can to attend then. Following the program there will not be cookies and Santa in the church basement. We are working to plan a visit from Santa for the students on Friday. In the event that we are not able to have an in-person program it will be recorded and posted on our YouTube Channel and families will be notified.

Home & School Meeting

The home & school meeting scheduled for Wednesday, November 18th has been postponed until after Thanksgiving due to the increase in COVID numbers in our area. A new date will be communicated soon.

Retakes

Picture retakes have been rescheduled for the 20th of November.
